OUR OPERATIONS

FREQUENTLY ASKED QUESTIONS

Q. What rice varieties do you offer?

A. We offer a wide range of Basmati and Non-Basmati rice varieties suitable for retail, wholesale, food service, and export markets.

Q. Do you provide customized packaging?

A. Yes, we offer customized packaging options based on customer requirements, including private labeling and various bag sizes.

Q. What packaging sizes are available?

A. Packaging options typically range from 1 kg to 50 kg bags, subject to customer requirements and market preferences.

Q. How do you ensure product quality?

A. We arrange third-party quality inspections before shipment to verify that the product meets the agreed specifications and quality requirements. This helps ensure that the rice delivered matches exactly what was requested.

Q. Can you provide samples before order confirmation?

A. Yes, samples can be arranged upon request. Sample and courier charges are applicable and will be shared based on the product and destination.

Q. What is the minimum order quantity (MOQ)?

A. MOQ depends on the rice variety, packaging requirements, and destination market. Please contact us for details.

Q. Which payment terms do you accept?

A. We work on a 100% advance payment basis. To ensure complete transparency, product specifications, pricing, timelines, and order details are finalized and confirmed before payment is requested.

Patel International Trade is an India-based rice export company specializing in premium Basmati and Non-Basmati rice. We focus on delivering products that combine quality, purity, consistency, and authentic taste for global markets.

With access to trusted mills and carefully selected sourcing partners across India, we supply rice suited for importers, wholesalers, distributors, retailers, and food service businesses. Every shipment is managed with attention to quality standards, reliability, and customer requirements.

We work closely with buyers to understand their market needs and deliver rice products that align with their quality expectations, packaging preferences, and business objectives.
