Designed for scale, crafted for your market

Patel International Trade is an India-based furniture export company specializing in premium solid wood furniture. We focus on creating designs that balance craftsmanship, durability, and modern aesthetics.

With access to skilled manufacturing and quality materials like teak, mango wood and more, we produce furniture suited for global markets. Every piece is developed with attention to detail, consistency, and scalability for bulk orders.

We work closely with buyers to understand their market needs and deliver products that align with their brand and positioning.
